**2023~2024 Korea Tourism 100**  
Full of culture and pleasure!

**Longest in Korea - 3.23 km**

Appreciate the golden sunset and night scene of the archipelago. Enjoy the thrilling route over the mountain and the sea, through islands and the city!  
Mokpo Sea Cable Car is the longest cable car in Korea with a length of 3.23 km.

**Highest in Korea with the height of 155 meters.**

Experience the thrill on the overwhelming height constructed via state-of-the-art engineering technology by New Millennium Engineering Corporation and the design by French company, Pomagalski S.A.  
The 5th tower among the main towers of the cable car is the second highest in the world and high as 155 meters.

**Sea-shore deck road, Goha-do's trail**

Enjoy the charm of Goha-do via the trail with a total of 1.9 km that connects to the Head of Dragon (Yongneon) from the land course that continues from the Yong-o-rem (Dragon's whirlwind) forest trail from Goha-do Station, and the land route up to the Goha-do Observatory.  
Feel comfortable with the feeling of healing while having a walk alongside the sea-shore deck at Goha-do Station.

**Stations with full of delicious foods and sights to watch.**

Yudalsan Station, the middle spot, connects to the beautiful Mt. Yudal(san) allowing to have a picnic up to the peak so that you can have a look down to the city.

Have a heart-moving experience with the romantic port of Mokpo and the archipelago.
